Multiple Pathways 多元出路

With the comprehensive life planning curriculum ranging from Careers lessons, Work Placement Programme, University Fair, Alumnae Mentorship and Careers Sharing, etc., our graduates are well supported to pursue diverse pathways and destinations according to their abilities, interests and orientations. Many of them further their studies in Hong Kong in degree programmes through JUPAS. In recent years, we have also sent many of our girls to prestigious institutions overseas, including the University of Cambridge, the University of Oxford, the UCLA, the University of Toronto, the University of British Columbia, Imperial College London and other Russell Group Universities. Some of the success stories have been made possible thanks to the Hong Kong Scholarship for Excellence Scheme.

本校通過多元化的升學輔導活動，例如生涯規劃課、職場體驗計劃、大學節、校友啟導計劃及經驗分享等項目，幫助學生按能力、興趣和方向，作出適合自己的升學選擇。大部份學生會經「聯招」在港升讀學位課程，也有不少學生赴笈海外，升讀著名大學，其中包括劍橋大學、牛津大學、加州大學洛杉磯分校、多倫多大學、英屬哥倫比亞大學、倫敦帝國學院及羅素大學集團的學校等。尤令人感恩的是，有學生憑優秀的表現而獲頒香港卓越獎學金而遠赴海外大學深造。

Second Head Prefect (2021)
Choir Leader (2019-2021)
Executive Committee Member of the Science and Technology Society (2019-2021)

“ I used to think that ‘**Once a Heep Yunn girl, forever a Heep Yunn girl**’ is a cliché, I now realise that **it is true**.

Back then when I was 12, I had no idea what I was capable of, who I wanted to become, and what I wanted to achieve in life. Six years have passed and I am now a medical student who aspires to serve others using my knowledge, just as Heep Yunn taught me how to serve and not to be served.

I still recall the orientation camp in Form 1 when we were led by a group of student leaders to learn the traditional Heep Yunn cheers. I was amazed by the leadership qualities and charisma they possessed, as well as how proudly they proclaimed their identity as a Heep Yunn girl. Inspired to become leaders like them, I started to participate in various activities.

One of the things that I am most grateful for is that I was granted so many different opportunities at school, which allowed me to fully explore my interests and develop my potential. I was a member of the school choir, symphonic band and Science and Technology Society. Moreover, I was granted a lot of leadership experiences in Heep Yunn, such as being the Second Head Prefect and the chairlady of the Music Department. Through these invaluable experiences, I have learnt to value teamwork and mutual respect. Moreover, my sense of belonging towards Heep Yunn was strengthened as I passed on the legacy to the juniors.

In Heep Yunn, we do not only learn in classrooms, but also in the real world. Through the Personal Growth Programme, we travelled abroad to learn about different cultures and carry out voluntary activities. This made me reflect on the privileges I have and reinforced my desire in doing humanitarian work in the future. In Form 4, we participated in the Work Placement Programme to have a glimpse of the actual workplace environment. This experience allowed me to realise where my aspiration truly lies and contributed to my final decision as to which career to pursue.

In addition, Heep Yunn provided me with a nurturing environment to grow, try and thrive in as many things as we wanted. In particular, the teachers in Heep Yunn were extremely supportive. They not only gave us constructive advice to improve academically, but also encouragement to support us to carry on.

I used to think that ‘Once a Heep Yunn girl, forever a Heep Yunn girl’ is a cliché, I now realise that it is true. In life, we may mess things up or be hit by harsh reality. Yet, I do believe that our six years in Heep Yunn has shaped us into resilient individuals who will never give up despite difficulties. This place is not merely a place for knowledge acquisition, but also a place for girls to become independent young women who are capable of making a difference in society.

“ **Heep Yunn wasn’t just a place of learning for me; it was the place that shaped me into the person that I am today.**

During my time at Heep Yunn, I had numerous opportunities to deliver speeches and often avoided using the motto “*Together Everyone Achieves More*” as I considered it cliché and vague. In hindsight, however, I have come to realise that this motto perfectly encapsulates my experience at Heep Yunn.

At Heep Yunn, achieving success goes beyond winning prizes or achieving great results in competitions. It is about personal growth and pushing beyond our limits as a team. I have vivid memories of the early mornings spent in grueling training sessions with my volleyball teammates before tournaments, the long hours dedicated to studying alongside my friends in the library, and overcoming the challenges that come with navigating through adolescence. Throughout it all, I never felt lonely. Even when they couldn’t be there in person, I knew my fellow schoolmates and teachers were there to support me when I needed them the most.

As I ventured into the next chapter of my life, I now understand the immeasurable value of the companionship and encouragement that I had at Heep Yunn. I have come to appreciate the unique camaraderie and special bond I shared with my peers and teachers. I have met new acquaintances in university, but I often find it difficult to develop lasting friendships like I did during my time at Heep Yunn.

Indeed, Heep Yunn wasn’t just a place of learning for me; it was the place that shaped me into the person that I am today. There were abundant opportunities for me to explore my potential, identify my strengths and weaknesses, and discover my true interests. At Heep Yunn, I was often encouraged to view myself from multiple perspectives and motivated to strive for self-improvement. Over the course of six years, I gained a deeper understanding of myself and was empowered to become the person I aspired to be.

Heep Yunn played a pivotal role in molding me into a well-rounded individual who is curious about the world, willing to try new things, and builds deeper connections with others through understanding and empathy. I am deeply grateful for the opportunities and experiences that Heep Yunn provided me, and will forever cherish the memories and friendships that I forged during my time there.

“**Heep Yunn will always be a place I call home.**”

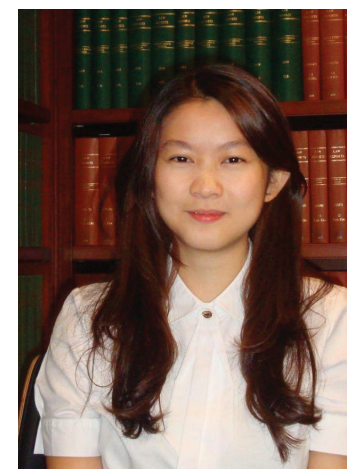

Looking back on the time when I first encountered the name “Heep Yunn,” I am reminded of the humility and resilience embodied by the Heep Yunn girls. These qualities were instrumental in my decision to choose Heep Yunn as a sanctuary where I could pursue greater possibilities and personal growth. Inspired by the distinguished traits of the past Heep Yunn girls, I quietly embraced them as my role models from the moment I stepped into Heep Yunn, aspiring to embody their essence one day.

As I matured and deepened my connection to the school, I came to realise that the cumulative experiences and exposures I acquired each year gradually moulded me into the person I had always aimed to become. Reflecting on my journey at Heep Yunn, my school life has been a mix of highs and lows. Amidst ever-changing circumstances, the flexibility granted by the school has empowered me to cultivate adaptability, equipping me with the essential tools to navigate the unforeseen challenges that lie ahead.

Heep Yunn is not just a place for acquiring lifelong personal skills; the spirit of teamwork here has also profoundly influenced me. Instead of solely focusing on individual accomplishments, the emphasis at Heep Yunn lies on collective excellence through teamwork. By embracing the individuality and uniqueness of each member, we weave the most harmonious chords and heartwarming melodies on stage.

Additionally, Heep Yunn provides numerous platforms for me to explore opportunities beyond the classroom, allowing me to pursue my interests and broaden my horizons. Participating in the World Choir Games in Korea was a transformative experience that bolstered my confidence as a chorist while performing on international stages. Engaging with individuals with disabilities deepened my understanding of their daily challenges, which are often overlooked, and inspired me to do my utmost to alleviate the difficulties in their everyday lives. Through various events, I have come to realize that while achievements and accolades are meaningful, the strong bonds and connections forged during countless rehearsals are what I cherish the most.

As a member of the Heep Yunn family, I am profoundly grateful for the myriad opportunities I have had to explore my potential over the past six years, all of which have contributed to my growth. As I step towards the next milestone in my life journey, the lessons learned and the relationships formed will forever remain etched in my heart. Heep Yunn will always be a place I call home, empowering me to grow stronger and closer to my dreams.

“**We are nurtured to be responsible, compassionate, and collaborative, equipped to confront future challenges with confidence and resilience.**”

Looking back into the past, I am immensely grateful that my parents chose Heep Yunn School for my education. My alma mater has played a crucial role in nurturing my interests, shaping my career aspirations, and fueling my ambitions.

Provided with a large variety of school teams and competitions, we were given the opportunities to explore our own interests and potentials. For instance, I had the privilege of serving as the Captain of the Cantonese Debating Team, the Second Head Prefect, the Hau House Captain, and participating in various teams like the Mathematics Olympiad Team, Table Tennis Team and Student Ambassador Team. These experiences not only enriched my secondary school life in Heep Yunn, but also broadened my horizons, enabling me to discover my own capabilities while strengthening my sense of belonging within the school community.

Despite prevalent societal rumours suggesting that traditional prestigious schools solely prioritise academic excellence, our school, while valuing academic performance, also places significant emphasis on a broad spectrum of development and provides opportunities for holistic development. Given the chance to engage in various competitions, I once had the opportunity to co-establish a social enterprise with my classmates, assisting wheelchair users in our society. This experience not only brought me closer to the marginalised in our neighborhood but also prompted deep reflections on our lives. It was during this time that I began to aspire to utilise my abilities to shape a brighter future for those in need.

At Heep Yunn, teamwork and perseverance are highly esteemed. The school offers ample opportunities for students to participate in collaborative activities like the annual Fun Fair preparation and inter-house cheering competition, fostering not only camaraderie but also instilling valuable life skills that transcend the classroom. Through actively participating in these team activities, Heep Yunn girls develop essential soft skills such as teamwork, leadership, and communication, while cultivating a profound sense of community and belonging within the school. We are nurtured to be responsible, compassionate, and collaborative, equipped to confront future challenges with confidence and resilience.

In alignment with our school motto, “In strength and grace we stand united, in faith and love we are committed,” within this community, I consistently experienced love from my classmates, teachers, and the school. I firmly believe that young women who grow in Heep Yunn possess the capacity to extend and share the love they have received with those in need, thereby contributing to a brighter future.

“In their hearts humans plan their course, but
the **LORD** establishes their steps.

Proverbs 16:9

Reminiscing about my days at Heep Yunn, I recall not merely of classrooms or buildings, but the familiar silhouettes of my beloved friends and teachers — those who have stood by me with unwavering support through all my ups and downs. The name ‘HYS’ carries a profound warmth, symbolising unyielding resilience and limitless potential. It is here that we have been shaped by our peers, fostered deep camaraderie, and built bonds that will last a lifetime.

Over the past nine years, Heep Yunn has transformed me from a timid, soft-spoken girl into a confident, responsible individual who has learned to speak up for herself. One of the most pivotal experiences in this journey of growth has been my introduction to Christianity. The Lord has bestowed upon Heep Yunn girls with His boundless love and guidance. His words serve as a lamp to our feet and a light to our path, granting us the strength to overcome life’s challenges.

As I prepare to embark on the next chapter of my life, I carry with me not only cherished memories but also the indelible marks of Heep Yunn’s values. The resilience fostered here empowers me to face future challenges with confidence. The camaraderie I have experienced has taught me the importance of community, and my faith provides me with an unwavering foundation.

I am deeply grateful for the person this school has helped me become, and I will strive to honor its legacy in all my future endeavors.

“At Heep Yunn, **you will never walk alone.**

“What does Heep Yunn mean to you?” When I was the Chief Editor of the school magazine, this was one of the interview questions our team came up with for the feature section. Today, having graduated and looking back on my journey, it feels only fitting that I answer it myself.

Heep Yunn has transformed me in many ways — in particular, by helping me realising my potential. Six years ago, I did not know what I was truly capable of; but my journey in Heep Yunn has guided me beyond limits. The ‘side quest’ of being chosen as a school representative for a science competition ended up building my academic foundation, sparking my interest in science and paving the way for many future ventures. These experiences have shaped the person I am today and inspired me to study medicine, putting science into practice to make an impact on others.

Besides, as I strove towards my goals, Heep Yunn provided me with invaluable support. Throughout my time here, in lessons or co-curricular activities, I was fortunate to meet many teachers and senior students who guided and encouraged me in every step of the way. Whenever I encountered difficulties, they were always ready to answer my questions or offer advice. Furthermore, the bonds that I forged here have helped me persevere; even when I doubted myself, my friends pushed me on, and we endured both ups and downs side by side. At Heep Yunn, you will never walk alone – help will always be there for those who need it.

Looking back, Heep Yunn has been both my springboard and my anchor. To answer the question I once asked others: Heep Yunn is where I found my passion and purpose, and where pursuing my aspirations became possible. As this chapter closes, I am deeply grateful for everything this school has given me. 1 Farm Road is not only a place; it is a cradle of countless lifelong memories – and ultimately, a part of me.

In strength and grace we stand united
In faith and love we are committed
